Dear Stephanie:

The Kennewick Arts Commission is excited for the opportunity to support Kennewick's South Columbia Creative District and its partners in the Washington State Arts Certified Creative District program.

The Certified Creative District is integral to the growth and continued development of the historic downtown, local place-makers in Keewaydin Park, Columbia Drive, and Clover Island. The Arts Commission serves to enhance and enrich Kennewick's quality of life for residents and visitors by fostering an artistic environment that promotes a sense of community, creates public venues that instill a unique identity, and supports opportunities to have fun. We feel confident supporting the South Columbia Creative District and the benefits this district will bring to our community.

In support of the project, the Kennewick Arts Commission will make a financial commitment of \$1,000 for the matching funds portion of the program. One of our Commissioners will volunteer to serve on the South Columbia District Advisory Committee and assist with development, planning and execution of events and programs. Kennewick Arts Commissioners will advocate for the creative district to the public and help promote/cross-promote creative district events and programs.

We look forward to working with the Historic Downtown Kennewick Partnership and welcome the opportunity for our arts commission to work directly on the South Columbia Creative District.

Sincerely,

Dee Boyle
Kennewick Arts Commission Chair
