

City Council WORKSHOP Agenda

May 9, 2023 at 6:30 PM

City Hall Council Chambers - 210 W. 6th Ave and Virtual

The City of Kennewick broadcasts Council meetings via Zoom and on the City's website at
<https://www.go2kennewick.com/CouncilMeetingBroadcasts>.

No public comment is taken at workshops.

1. CALL TO ORDER
2. COLUMBIA PARK SUMMER EVENTS UPDATE
3. FIRE DEPARTMENT ANNUAL REPORT
4. SIT LIE REGULATIONS IN THE CENTRAL BUSINESS DISTRICT
5. ADJOURN

Columbia Park Regional Summer Events

Spring Events Highlights

- Run the River Marathon – Multiagency event coordination. Pasco, Richland, Kennewick, Port of Kennewick and WSDOT.
- New Vintage Easter Church Service – 1,100 people attended.
- Salmon Summit – 25th annual event. 3,300 students with 100 older students returning as volunteers.
- Kid's Fishing Day – Event sold out within 24 hours. Served over 1,000 participants.
- NSA Icebreaker – Softball tournament with 65 teams generating hundreds of thousands of dollars for our economy.
- Three Rivers Shootout – Lacrosse tournament with 78 teams from 20 clubs across the Pacific Northwest.

River of Fire

- Building on last year's success
- New site plan
- Enhanced ingress and egress plan
- Citywide Special Event Team support

PRESENTED BY:

FREE
PARKING!

River of Fire

- New exciting partnerships
 - Foodies
 - McCurley Mazda Parking Sponsor
 - Benton Franklin Transit

Hydro Testing

- Tri-City Water Follies
- Private event, but moving towards a public event in 2024
- Cross-functional effort to protect City assets

Columbia Cup & Air Show

- Setup starts July 17, exclusive use July 28-31
- New Sponsor
- New in 2023
- Multiagency approach

Events Assessment

- Two of the largest events in the region
- New partnerships & opportunities to keep events thriving
- Maintain assets and year-round level of park service
- Recognize community value in cost recovery models
 - Value of tourism and quality of life
 - Fee structure review

Questions?

2022 KFD Annual Report

Organizational Chart

Major Achievements

- Personnel hired
- Promotions
- Fire Station 1
- Leadership development
- Strategic plan implementation
- Medic 1822 Pilot Program
- Lucas Devices

Emergency Incident Makeup

- National Fire Incident Reporting System (NFIRS) coding
- Lift assists documented under Service Calls
- Decrease in EMS is the result of NFIRS coding – NOT a reduction in responses

Peak Hours of Activity

Apparatus Responses by Hour of Day (2018 – 2022)

Monthly Call Volume Activity

Apparatus Responses by Month of Year (2018 – 2022)

How Busy Are KFD's Stations?

Total Apparatus Responses by Station*

Station/ Location	2022 Station Apparatus Responses	2022 % Station Apparatus Responses	2022 Responses Within Station Area	2022 Responses Outside Station Area	% Change From Prior Year	2021 Station Apparatus Responses	2021 % Station Apparatus Responses
Fire Station 1	5,266	23.4%	3,734	1,532	↑ 10.9%	4,748	23.3%
Fire Station 2	5,731	25.5%	4,013	1,714	↑ 18.4%	4,839	23.7%
Fire Station 3	3,282	14.6%	2,119	1,163	↑ 13.6%	2,890	14.2%
Fire Station 4	3,147	14.0%	2,136	1,011	↑ 13.1%	2,783	13.6%
Fire Station 5	3,287	14.6%	1,297	1,990	↑ 6.7%	3,080	15.1%
Battalion Chief	1,788	7.9%	1,659	129	↓ -13.1%	2,058	10.1%
TOTAL:	22,501	100.0%	14,958	7,539	10.3%	20,398	100.0%

* **NOTE:** Total apparatus responses will always be higher than total incident count due to the frequency of needing multiple units at the same incident scene.

Apparatus Responses vs. Total Incidents

- In 2022, approximately **42%** of incidents responded to by KFD required more than one apparatus on scene
- Decrease in Battalion Chief calls due to changes in response

Incident Response Performance Standards

- RCW 35.103 and its application to KFD
- 2008 Adoption of Resolution 08-06 by Kennewick City Council

Current Performance Standards

- First arriving unit vs. effective response force
- Time/life critical vs. non-time/life critical

Response Goals: 1st Arriving Unit On Scene

Incident Type	Minimum # People	Response GOAL
Emergency Medical - Advanced Life Support (ALS)	2	0:05:00
Emergency Medical - Basic Life Support (BLS)	2	0:07:00
Fire Suppression	3	0:06:45
Technical Rescue	3	0:06:45
Hazardous Materials	3	0:06:45

Response Goals: Effective Response Force (ERF*)

Incident Type	Minimum # People	Response GOAL
Emergency Medical - Cardiac Arrest	7	0:09:00
Fire Suppression - Residential Structure	12	0:09:45
Fire Suppression - Commercial Structure	15	0:09:45

90th Percentile & Median Values

90th Percentile:

The value below which 9 out of 10 response times will fall.

Median Value:

Middle value in an ordered list of response times; provides a better representation of the center (or “norm”), as it is not skewed by a small proportion of extremely large or small values.

Questions

I am happy to help answer any questions you may have.

Kennewick Fire Department 2022 Annual Report

A Message from Fire Chief Chad Michael

As the City of Kennewick continues to grow and develop, the KFD is experiencing an increasing demand for emergency services. There is no single cause for the increase in demand, but rather a number of casual factors that have led to an increase over time and a substantial increase over the past three years. KFD is actively working to ensure we are not only prepared for current emergency fire and medical needs, but also prepared for the future. This includes, but is not limited to, ensuring our fire stations are positioned correctly and the services we deliver lead to measurable outcomes. In partnership with the City of Richland and the City of Pasco, we initiated a Standard of Coverage and Emergency Medical Services Evaluation project in February of 2023. When completed in late summer of this year, the plan will provide a guide to ensure each of the three cities, and the Tri-Cities as a whole, are well equipped to meet the current and future emergency needs of our citizens while being sensitive to the importance of creating a system that is affordable and obtainable. The EMS study is intended to balance delivering emergency medical care in an efficient and effective manner, while ensuring the system is performance based and agile.

FITCH & ASSOCIATES

CONSULTING SERVICES PROPOSAL for FIRE RFP #23-001

Cities of Kennewick, Pasco, and
Richland, Washington

The key project elements will include:

- Recommended deployment locations for specialty apparatus
- Trigger points for considering operational and administrative enhancements
- Response time standard recommendations
- An assessment of the current basic life support (BLS) and advanced life support (ALS) service delivery model
- Recommendations on the most effective use of resources (personnel and apparatus)
- Recommendations on potential funding and cost sharing models based upon the operational recommendations suggested
- The estimated cost and revenue/funding impacts associated with the implementation of recommended changes

Strategic Plan Update

In April of 2022, we completed the strategic planning process that led to the development of the Kennewick Fire Department 2022-2026 Strategic Plan. Since that time, we have been busy working on the initiatives and

objectives that fall under each of our five broad strategic goals. In order to ensure the plan is a living document that defines timelines and identifies responsible parties, we began this year with three staff retreats focused on constructing a 2023 Work Plan that is intended to ensure we make forward progress on our initiatives and objectives.

Strategic Initiative	2022	2023	2024	2025	2026
Initiative 1: Enhance community outreach and public safety education	Active	Active	Active	Active	Active
Initiative 2: Improve emergency response times	Active	Active	Active	Active	Active
Initiative 3: Upgrade fire station facilities	Active	Active	Active	Active	Active
Initiative 4: Enhance firefighter training and safety	Active	Active	Active	Active	Active
Initiative 5: Improve emergency medical services (EMS) delivery	Active	Active	Active	Active	Active

Operations

At a Glance....

Apparatus responses are higher than total incident counts because approximately **42%** of KFD's 2022 incidents required more than one apparatus.

Total Apparatus Responses by Station*

Station/Location	2022 Station Apparatus Responses	2022 % Station Apparatus Responses	2022 Responses Within Station Area	2022 Responses Outside Station Area	% Change From Prior Year
Fire Station 1	5,266	23.4%	3,734	1,532	↑ 10.9%
Fire Station 2	5,731	25.5%	4,013	1,714	↑ 18.4%
Fire Station 3	3,282	14.6%	2,119	1,163	↑ 13.6%
Fire Station 4	3,147	14.0%	2,136	1,011	↑ 13.1%
Fire Station 5	3,287	14.6%	1,297	1,990	↑ 6.7%
Battalion Chief	1,788	7.9%	1,659	129	↓ -13.1%
TOTAL:	22,501	100.0%	14,958	7,539	10.3%

*Note: Following a comprehensive review of responses to fire alarms, apparatus response for commercial and residential fire alarms were modified to deploy a single engine or a ladder company without a Battalion Chief upon initial dispatch. This deployment modification is reflected in the Battalion Chief response number decline.

KFD Incident Types

KFD classifies incidents based on the category types utilized by the National Fire Incident Reporting System (NFIRS).

- Emergency Medical Services**
Medical calls, motor vehicle accidents, extractions, rescues
- Good Intent Calls**
Canceled en route, wrong location, steam mistaken for smoke
- Service Calls**
Lift assistance, water/smoke problems, persons in distress
- False Alarms/Calls**
System malfunctions, detector activations (intentional & unintentional)
- Fires**
Structural (residential/commercial), outdoor rubbish, vegetation
- Other**
Overpressure/overheat (no fire), hazardous conditions, severe weather, special incident types, etc.

Apparatus Totals by Hour of the Day

Apparatus Totals by Month of the Year

Incident Response Performance: 1st Arriving Units

Fire Suppression (ALL) Incidents - 1st Arriving Units
(90th Percentile & Median Values)

90th Percentile: The value below which 9 out of 10 response times will fall.

Median: Middle value in an ordered list of response times; provides a better representation of the center (or "norm"), as it is not skewed by a small proportion of extremely large or small values.

Hazardous Materials Incidents - 1st Arriving Units
(90th Percentile & Median Values)

Emergency Medical: Basic Life Support (BLS) - 1st Arriving Units

Incident Response Performance: Effective Response Force (ERF)

Commercial Structure Fires - ERF Response Times
(90th Percentile & Median Values)

Effective Response Force (ERF): Minimum number of personnel needed on scene to stop the escalation of an emergency.

Performance Goals KFD's response goals are based on the recommended resource deployment and response time objectives adopted by the Kennewick City Council in 2008 per RCW 35.103.

Residential Structure Fires - ERF Response Times
(90th Percentile & Median Values)

Cardiac Arrest - ERF Response Times
(90th Percentile & Median Values)

Support Services

Prevention Division

In 2022, the Kennewick Fire Department partnered with the American Red Cross and its volunteers to provide and install smoke alarms in homes that previously did not have them. This also provided KFD personnel with additional opportunities to educate and engage with community members about home fire safety.

May 14, 2022 Event

145 Smoke Alarms Installed
In **51** Homes
Serving **223** People

December 10, 2022 Event

29 Smoke Alarms Installed
In **24** Homes
Serving **61** People

Training Division

Fire Suppression

Firefighter training in the State of Washington is governed by the Washington Administrative Code (WAC) 296-305. To meet these requirements, KFD'S training curriculum consists of live-fire performance drills, hands on standardized drills, customized classroom curriculum, and collaborative drills with regional partners in the Tri-City area. In 2022, KFD personnel logged **16,294** hours of fire suppression related training cumulatively.

Additionally, the Kennewick Fire Department supports two specialty teams; the Trench Rescue Team (TRT) and the Hazmat Team. TRT members are required to complete **48** hours of annual specialized training. Hazmat Team members are required to complete **24** hours of annual specialized hazardous materials training.

Fire Training Academy

The KFD hired **11** new recruits in 2022. All **11** recruits successfully completed the Washington State Fire Training Academy in North Bend, Washington. The Fire Training Academy (FTA) is a demanding **12** week program that provides comprehensive training in all aspects of basic firefighting skills. Cumulatively, the **11** new KFD recruits received approximately **6336** hours of training at the FTA.

Emergency Medical Services

EMS providers for the Kennewick Fire Department follow the OTEP (Ongoing Training and Evaluation Program) method to meet the recertification and continued education requirements required under Washington Administrative Code (WAC) 246-976-161. OTEP content and educational requirements are managed by the Washington State Department of Health and the MPD (Medical Program Director). Kennewick Fire Department personnel logged nearly **2200** hours of OTEP continued education training in 2022.

In 2022, Kennewick Fire Department personnel learned how to operate, evaluated and field-tested mechanical CPR (**mCPR**) devices. Findings from a collaborative review by personnel, direction from KFD's Medical Program Director, and current local and mutual aid operational needs led to the selection of the Lucas 3 Chest Compression System. With funds that were allocated to the KFD from the American Rescue Plan Act (ARPA), two (**2**) Lucas 3 Chest Compression System units were purchased. The units were deployed for service in December of 2022 and will provide KFD EMS personnel an additional tool to provide effective and efficient emergency cardiac care in our community.

Council Agenda Coversheet	Agenda Item Number: 4. Council Date: 5/9/2023	Category: Info Only
	Agenda Item Type: Presentation Subject: Amending KMC 10.08.140 - Sit Lie Regulations Department: Police Department	
<u>Summary</u> Kennewick Police Chief Chris Guerrero will present a proposal to amend Kennewick Municipal Code 10.08.140 adding sitting, lying on sidewalks regulations in the Kennewick Central Business District area.		
<u>Attachments:</u> 1. Presentation 2. Ordinance - redline		

UPDATE TO KMC 10.08.140

ADDITION OF THE KENNEWICK BUSINESS DISTRICT
PRESENTATION

May 9th, 2023

Presentation Outline

- Ordinance No. 6024
- Addition of Kennewick Business District
- Questions

Ordinance No. 6024

- Ordinance Relating to Offenses Against Public Order and Amending Section 10.08.140 of the Kennewick Municipal Code.
- KMC 10.08.140 – Sitting, Lying on Sidewalk in Designated Zone.
 - (1) Prohibition – (a) No person may sit or lie down upon a public sidewalk or right of way..... During the hours between six a.m. and midnight in the zones designated in this section.
 - (b) At all times it is unlawful to sit or lie on any drinking fountain, trash container, planter, bicycle rack, or any other sidewalk fixture not designed primarily for the purpose of sitting.
 - (c) At all times, it is unlawful to sit or lie in any entrance to or exit from any building or parking lot, or on any loading dock.

Ordinance No. 6024 – cont.

- (2) Exceptions. The prohibition in subsection (1) of this section does not apply to any person:
 - (a) Sitting or lying down due to a medical emergency or due to a sensory, mental, or physical disability;
 - (b) Who, as the result of a sensory, mental, or physical disability, utilizes a wheelchair, walker, or similar device to move about a public sidewalk;
 - (c) Operating or patronizing a business with permission to occupy the sidewalk;
 - (d) Participating in or attending a parade, festival, performance, rally, demonstration, meeting, or similar event conducted on the public sidewalk pursuant to a special event or other applicable permit;
 - (e) Sitting on a chair or bench supplied by a public agency or by the abutting private property owner pursuant to the appropriate permit or license;
 - (f) Sitting within a bus stop zone while waiting for public or private transportation; or
 - (g) Sitting on privately-owned sidewalk fixture with the permission of the owner.

Ordinance No. 6024 – cont.

- (4) Zones – (a) From Clearwater Avenue to Kennewick Avenue, between Yelm Street and Huntington Street;
(b) From 24th to 28th, between Tweedt Street and Olson Street;
(c) Canal Drive, between Young Street and Kellogg Street; and
(d) Portions of the Kennewick Central Business District to include the following streets and public rights of way, from 1st Avenue to Canal Drive, between Dayton Street and Washington Street, including W. Kennewick Avenue between Dayton Street and Washington Street, including N. Cascade Street, N. Benton Street and N. Auburn Street between 1st Avenue and Canal Drive.
- (6) A Violation of KMC 10.08.140 is a misdemeanor.

Added Zone – Kennewick Business District

- Portions of the Kennewick Central Business District to include the following streets and public rights of way, from 1st Avenue to Canal Drive, between Dayton Street and Washington Street, including W. Kennewick Avenue between Dayton Street and Washington Street, including N. Cascade Street, N. Benton Street and N. Auburn Street between 1st Avenue and Canal Drive.

QUESTIONS??

CITY OF KENNEWICK
ORDINANCE NO. 6024

AN ORDINANCE RELATING TO OFFENSES AGAINST PUBLIC ORDER
AND AMENDING SECTION 10.08.140 OF THE KENNEWICK MUNICIPAL
CODE

THE CITY COUNCIL OF THE CITY OF KENNEWICK, WASHINGTON, DO ORDAIN AS
FOLLOWS:

Section 1. Section 10.08.140 of the Kennewick Municipal Code, be, and the same hereby is,
amended to read as follows:

10.08.140: Sitting, Lying on Sidewalk in Designated Zone.

- (1) Prohibition.
 - (a) No person may sit or lie down upon a public sidewalk or right of way, or upon a blanket, chair, stool, or any other object placed upon a public sidewalk or right of way, during the hours between six a.m. and midnight in the zones designated in this section.
 - (b) At all times it is unlawful to sit or lie on any drinking fountain, trash container, planter, bicycle rack, or any other sidewalk fixture not designed primarily for the purpose of sitting.
 - (c) At all times, it is unlawful to sit or lie in any entrance to or exit from any building or parking lot, or on any loading dock.
- (2) Exceptions. The prohibition in subsection (1) of this section does not apply to any person:
 - (a) Sitting or lying down due to a medical emergency or due to a sensory, mental, or physical disability;
 - (b) Who, as the result of a sensory, mental, or physical disability, utilizes a wheelchair, walker, or similar device to move about a public sidewalk;
 - (c) Operating or patronizing a business with permission to occupy the sidewalk;
 - (d) Participating in or attending a parade, festival, performance, rally, demonstration, meeting, or similar event conducted on the public sidewalk pursuant to a special event or other applicable permit;
 - (e) Sitting on a chair or bench supplied by a public agency or by the abutting private property owner pursuant to the appropriate permit or license;

- (f) Sitting within a bus stop zone while waiting for public or private transportation; or
 - (g) Sitting on privately-owned sidewalk fixture with the permission of the owner.
- (3) No person shall be subject to enforcement under this section unless the person engages in conduct prohibited by this section within the entirety of the zone designated in this section after having been notified by a law enforcement officer that the conduct violates this section and has been given a reasonable amount of time to comply or has refused to comply. If the individual fails to comply in a reasonable time or engages in prohibited conduct in another location within the designated zone, a law enforcement officer may then enforce this section.
- (4) The zones where the conduct described in section (1) is prohibited are as follows:
- (a) From Clearwater Avenue to Kennewick Avenue, between Yelm Street and Huntington Street;
 - (b) From 24th to 28th, between Tweedt Street and Olson Street;
 - ~~and~~
 - (c) Canal Drive, between Young Street and Kellogg Street; and
 - (d) Portions of the Kennewick Central Business District to include the following streets and public rights of way, from 1st Avenue to Canal Drive, between Dayton Street and Washington Street, including W. Kennewick Avenue between Dayton Street and Washington Street, including N. Cascade Street, N. Benton Street and N. Auburn Street between 1st Avenue and Canal Drive.
- (5) This section does not permit any conduct which is prohibited by KMC 10.08.020 regarding interference with pedestrian or vehicular traffic.
- (6) A violation of KMC 10.08.140 is a misdemeanor.
- (7) The provisions of this section are declared separate and severable. The invalidity of any clause, sentence, paragraph, section, or portion of this section, or the invalidity of the application thereof to any person or circumstance does not affect the validity of the remainder of this section, or the validity of its application to other persons or circumstances.

(Ord. 6024 Sec. 1, 2023; Ord. 5760 Sec. 1, 2018)

Section 2. This ordinance shall be in full force and effect five days from and after its passage, approval and publication as required by law.

PASSED BY THE CITY COUNCIL OF THE CITY OF KENNEWICK, WASHINGTON, this 1~~86~~th day of ~~May~~April, 2023, and signed in authentication of its passage this 1~~86~~th day of ~~April~~May, 2023.

Attest:

W.D. MCKAY, Mayor

TERRI L. WRIGHT, City Clerk

ORDINANCE NO. ~~6024~~ filed and recorded in the office of the City Clerk of the City of Kennewick, Washington this 1~~97~~th day of ~~April~~May 2023.
