Previous to that I worked as an Executive Chef at several different Restaurants and clubs here in south eastern Washington.

Educational Background (optional)

Graduate of Kennewick High School and From Columbia Basin College with an Associates Degree in Arts and Science and from their Commercial Foods Program.

Community Related Activities/Organizational Affiliations

City Councilman for the City of Algona WA for 5 years and Planning commission Chairman prior to that. Long term Member of the Washington School Food Service Association and served as the Legislative Chairman both at the state and federal level on behalf of Child Nutrition programs

Volunteer Experience

Skills/Special Interests

Many years of successful management experience of bringing affordable, attractive, nutritious, meals that have helped hundreds of thousands of students be prepared to participate in the important task of learning in the classroom.

Experiences Related to Position

As city councilman in Algona and earlier as the planning commission chairman I gained a great deal of experience of what it takes to operate a city. I learned that it can be both very rewarding and frustrating as many things cities must deal with are at times beyond the city's control. It took many years to accumulate that experience and is something just don't learn from a book and is really only learned the experience of "doing".

Why are you seeking appointment?

Since my retirement, I've had several opportunities pay back several communities, and I would love the opportunity pay it forward to the city of Kennewick the community that I grew up in since I was 10 years old.

To the best of your knowledge, would any conflict of interest be created as a result of your appointment?

None

Community engagement is vital to everything I do on a personal and professional level. It has become a skill that I utilize and leverage on a daily business. Why are you seeking appointment?

I have dedicated myself to serving the local community over the past 5 years in many ways and have found it very rewarding. I have also gained a lot of relevant experience related to how local government operates as well as federal Government due to my 10 years of working for and with the federal Government. Community Related Activities/Organizational Affiliations

Completed both the city of Kennewick Citizens Academy and Police Department Academy. I'm currently on the Benton County Planning Commission and Kennewick Housing Authority serving as Vice-Chair for both commissions. Previously I was on the Kennewick Improvement Board from 2014-2016. I sat on the Washington State Partnership Council on Juvenile Justices' Ethnic and Disparities Committee-2016-2018. Consejo Latino-Vice Chair-2015-Present, LULAC-2016-Present

Volunteer Experience

I have volunteered with the Downtown Pasco Development Authority, Benton-Franklin Juvenile Justice Center, Saint Joseph Catholic Church, Phoenix High School, and with the Washington State Commission of Hispanic Affairs.

Skills/Special Interests

Attentive, Coach-able, Relentless, and Positive would be my self defined skills. My special interests are my family, church, politics, sports radio, studying various subject matter, and Seahawk/Cowboy Football.

Experiences Related to Position

From my volunteer and community related activities information on this application, you can see that I have gained experience in the wants and needs of the community. I've had the pleasure to work in a team setting. I have also garnered the critical thinking skills from my positions on various boards and commissions which has allowed me to make informed decisions that will benefit all in my community. I always strive to understand before being understood. I'm feel I'm ready to share in the responsibility of governing the place I have called home for over 30 years.

Why are you seeking appointment?

I'm seeking appointment for two reasons. The first reason is that this is a HARD job. If this was a easy job, everyone would want to do it. My family and I understand the sacrifice that goes with this type of position, and I'm ready to serve the community that raised me. It's a thankless job is what I hear but yet, I've never seen it that way being apart of the boards and commissions that I have been fortunate enough to participate on. This job will be hard and it will make me grow not only as a community leader but as a person. A person who has sought any way to serve his community. It's not for the title, it's to put in the work that our community wants our leaders to par take in. No issue is too small or trivial. I want to serve every person in this city. The second reason is that I believe its TIME. It's time that our community sees someone who looks like me on the council. Latinos make up almost a quarter of the residents that populate our city and it will only continue to grow. But yet we've never had a Latino on our City Council. The success of the Latino community as well as other minority communities will have a dramatic impact on our cities economic and social capital in the years to come. I understand how this comes off but I believe the current council needs to come to terms with this fact. The only way to see progress is sometimes to make it happen yourself. Give one of Kennewick's home grown sons the chance to assist in leading this city. If the time isn't now, it makes Latinos and myself wonder when will be the time for us to share in the responsibility of governing this great city. I humbly and graciously ask to be appointed to this position. Thank you.

To the best of your knowledge, would any conflict of interest be created as a result of your appointment?

None that I'm currently aware of.

City Council Vacancy

Occupational Status and Background

Retired Manager – 34 years at Hanford. Most of my career was at the Plutonium Finishing Plant. I worked as Building Emergency Director (Facility Shift Manager), Plant Engineer, Planner/Scheduler (work package development), Scheduling Manager (POD/POW to Multi-Year Program Plans), Operations Manager, and D&D Superintendent. The span of my career included restart of the facility in the early '80's to D&D in the mid 2000's.

Educational Background (optional)

AAS (Associate of Arts and Sciences) YVCC
Hanford related training and management/operations certifications

Community Related Activities/Organizational Affiliations

Currently a member of:
League of Women Voters Benton-Franklin Counties
The Badger Club
East Benton County Museum and Historical Society

Volunteer Experience

SHAKE (provided school supplies for students). Previously served as a board member.
League of Women Voters Benton-Franklin Counties – Currently a board member
City of Kennewick Planning Commission – currently a commissioner

Skills/Special Interests

Skills that I bring include: analytical thinking, good communication skills, attention to detail while respecting the “Big Picture” and collaborative problem solving. I am very engaged in local government. I routinely attend meetings at the Kennewick Irrigations District, Port of Kennewick and when time permits, Benton County Commission. In addition, I am a regular attendee at the Kennewick City committees: Budget and Administrative, Infrastructure and Operations, and Planning and Economic Development.
Special interests include Growth Management Act impacts, infrastructure enhancement, budget planning, and personnel issues.

Experiences Related to Position

I spent my working career in a highly regulated environment. There was always a tension between accomplishing project goals more quickly and for less cost while complying with all regulations. Regulatory compliance was based on risk/consequence analysis and as such, assumed the worse. However, there are times when circumstances require affordable 'sufficient' solutions rather than financially unattainable 'perfect' solutions. As a manager it was my responsibility to identify those circumstances as well as when the regulation and/or requirement itself needed changed.
As a planning commissioner, the same type of risk/consequence dynamic is often encountered. Changes to zones must be balanced against multiple criteria such as the Kennewick Municipal Code, the goals and policies of the Comprehensive Plan as well as public opinion. I believe that I achieve a reasonable balance in weighting potential consequences against risks.

Why are you seeking appointment?

I believe in the value of service, both to the community as well as the individual. We often hear volunteers state the "I received so much more than I gave". In my own experiences, I have found that to be a fundamental truth. Kennewick exemplifies the spirit of service. Examples include Playground of Dreams Rebuild, the cleaning of Zintel Canyon, and the new Boys and Girls Club. The City of Kennewick promotes these types of community engagements as well as 'service' as a fundamental value for city staff. I am also a believer in good governance. Over the past two and a half years I've had the opportunity to observe the City of Kennewick live up to the motto of "Leading the Way". Because of my continuing interest in local government, I believe that I am uniquely qualified to fill this position. I am familiar with issues that are likely to come before the council in 2019 and I would not come to Council with a personal agenda. I respect the level of service that the council and city staff typify, and I try to view issues through the lens of public service, not my personal beliefs.

To the best of your knowledge, would any conflict of interest be created as a result of your appointment?

No

City Council Vacancy

Occupational Status and Background

I am employed by Mission Support Alliance as a journeyman pipefitter and am the Project Chief Steward for the pipe fitters at the Hanford Project. I am a member of UA Local 598 and serve as a business agent. I am an elected trustee for the Hanford Atomic Metal Trades Council (HAMTC) and have served as the grievance chair for 20 years. My additional duties include representing HAMTC on both the Hanford Employee Welfare Trust and the Pension and Savings Trust. I also hold two trustee positions for Local 598, which are the Health and Welfare Trust and the Joint Apprenticeship Training Committee (JATC). I am honored at having been appointed by Congressman Dan Newhouse to serve on his Labor Working Committee. One of my career's most rewarding achievements is being involved with the passage of Substitute House Bill 1723 regarding the healthcare of Hanford workers.

Educational Background (optional)

I am a 1977 graduate of Columbia High School (Richland, WA). While in high school, I served as the president of the Vocational Industrial Clubs of America (VICA). I completed my pipefitter apprenticeship from UA Local 598 in 1983. I consistently participate in on-going educational and certificated trainings as a part of my career, and most recently completed the Trustees Masters Program through the International Foundation of Employee Benefits Plans.

Community Related Activities/Organizational Affiliations

Because I believe in giving back to my community I look for opportunities in which my time, labor, and contributions can impact as many people as possible or those needing the greatest of assistance. I am actively involved with:

United Way of Benton-Franklin Counties
Unions for United Way
Local 598
Bikes for Tikes
After School Matters
Tri-Cities Alliance
Labor Day Picnic
Second Harvest
HAMTC
Pacific NW Mustang Club
Mid-Columbia Senior Softball Association

Volunteer Experience

My parents demonstrated to me at a very young age that you can't wait for others to do what you know needs to be done. For me this means that I volunteer in whatever capacity is needed for the community activities and organizations I believe in. From building bikes, serving as a board member for United Way, and organizing breakfasts supporting community needs, to participating in feeding thousands at the annual Labor Day Picnic in Columbia Park, help organize work parties that provide building remodels for not-for-profit organizations, and inspiring students to believe in the power of education with After School Matters programs - I volunteer because I care.

Skills/Special Interests

A lifetime of career opportunities and experiences have allowed me to develop skills that I know are required for this position. I believe that building relationships is key to fostering a community that works for its constituents. I believe that issues can be solved by listening and discussion. I believe that the skill of managing budgets and resources is critical in promoting economic health and maintaining our standard of living. In my spare time, I continue to develop my mechanical and woodworking skills, along with my amateur radio operating skills. I also enjoy the Columbia River and playing softball.

Experiences Related to Position

I have been a resident of Kennewick for 31 years. My career and volunteerism has afforded me decades of experience in wrestling with ethical, legal, and contractual issues. Years of leadership management has taught me that listening with an open mind and focusing on collaborative solutions is the only way to sustained long-term improvements that benefit everyone. I have been consistently attending the city council meetings for the last 16 months.

Why are you seeking appointment?

I am blessed to live in this community. I have the heart, passion, and stamina to serve others and make a difference in our city government. The only way this happens is when one chooses to become significantly more involved in the political process. That is why I ran for Kennewick City Council in 2017, have continued to attend the city council meetings, and am applying for the city council vacancy today.

I want to see Kennewick continue on the path of a healthy city supported by business and industry that in turn support our families and citizen needs. Contributing to the development process focused on community diversity, safety, economic growth, and health needs of our citizens is important to me.

I am energized by the opportunity to serve Kennewick and will greet this challenge with honesty and integrity, with confidence and communication, and commitment to those I serve. I believe that my life experiences and ability to bring diverse groups of people together to solve problems for the common good will serve me well as a councilman.

To the best of your knowledge, would any conflict of interest be created as a result of your appointment?

No

Why are you seeking appointment?

I have served in one capacity or another for longer than I have not served and I have a strong desire to continue to serve.

The experiences through student government and the Social Welfare program, at the University of Washington, Tacoma, not only sparked an interest in affecting community change but convinced me that I could do more. Following relocating to the Kennewick I was afforded the opportunity to attend a thought-provoking session put on by The Mission Continues (national non-profit) and She Should Run (an organization that provides guidance and support to women considering a run for office). The aforementioned combined with my work experiences, own observations of this community and council has inspired me to do more.

To the best of your knowledge, would any conflict of interest be created as a result of your appointment?

The only potential conflict I see is that I am actively trying to grow a volunteer community, however, I am cognizant of my responsibility to have and hold boundaries.
